CONTENTS

Verify Current Version of App

Swipe up from the home
screen.
- Tap and hold on
  Boom Cam App
  until a flyout appears
- Select App Info

Scroll to the bottom of the
menu and verify App is at
Version 1.2.3. If so, there
is no further action
necessary.
- If the App is at a
  previous version,
  continue with steps
 below

Uninstall Current Version of App

Swipe up from the home screen.
- Tap and hold on Boom Cam App until a flyout appears, select Uninstall
- Confirm 'OK' when prompted to uninstall
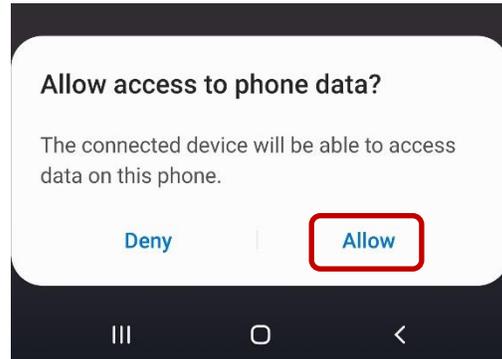

Delete old installer of app using the Files app.
- Using the Files app browse to Internal Storage/BoomCam
- Tap and hold to select the old installer, 'boomcam-vX.X.apk
- Select delete

Load New Version of App: Phone

Connect phone to PC
using included USB-C To
USB-A cord.
- If prompted, tap
  allow access for data
  on the phone

On the PC
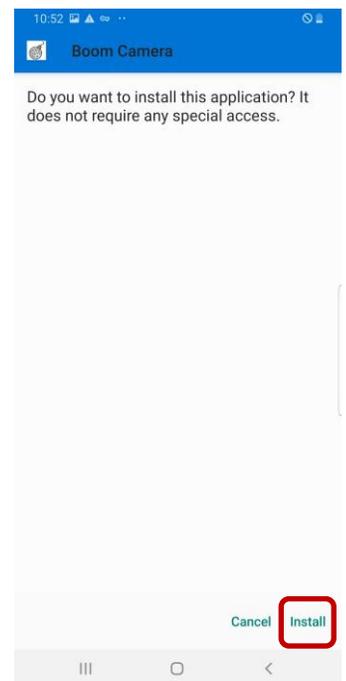

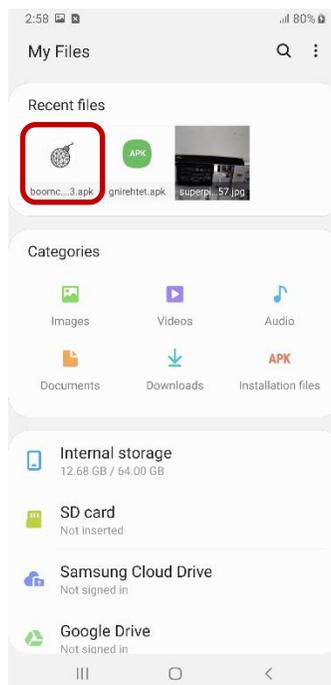

Transfer the new version
to Internal
Storage/BoomCam.
- Disconnect phone
  from PC

On the Phone

Browse to Internal
Storage/BoomCam.
- Tap on the installer,
  'boomcam-
  v1.2.3.apk'
- Select install when
  prompted

Once the installer is finished, open the App.
- The loading screen will show the new version in the lower right-hand corner

Note: Upon opening there may be a prompt to request access to photos and videos, select Allow

Update BoomCam Camera Head

Assemble the BoomCam.

**Note:** It is recommended to use the Bipod to fixture the BoomCam

Power on BoomCam with the App running.

Note: Wait until the head has fully initialized and is displaying an image to the phone

Go into settings by
selecting the gear icon.
- Select the update
  menu

Select Install
- you will see several
  status messages at
  the top.

Return to the main
BoomCam display screen
and wait for the head to
restart and display again.

Note: This will take a few
minutes

Verify the head has been
updated by going into
settings, and update again.

With a successful update
there will be no option to
update and the phone will
display the current version.

The BoomCam is now fully up to date and ready for use.
